

# AIR BOX COMMERCIAL-GRADE AIR FILTERS

Experience unparalleled air filtration with Air Box Stealth high-flow carbon filters! Quiet yet powerful, this efficient unit eliminates excess heat and circulates fresh, healthy air. Its user-friendly design ensures quick installation, hassle-free maintenance, and seamless integration with any duct or air filtering system. Ideal for industrial, commercial, residential, indoor growing environments.

## Key Features:

- **Quiet and Powerful:** Operates silently while delivering robust performance.

- **Replaceable High-Flow Carbon Filters:** Crafted from 100% premium virgin coconut charcoal.
- **Versatile Compatibility:** Available in 5 models ranging from 400 to 3500 CFM, with outlet sizes of 4", 6", 8", 10", 12"

- **Space-Saving Design:** Designed for overhead installation, saving valuable floor space.
- **Comprehensive Coverage:** 100% utilization of the filter surface area guarantees continuous, worry-free operation.

- **Made in the USA:** Built to the highest standards for use in industrial, commercial, residential, indoor growing environments.

**Junior**

Protect your space from unwanted pollutants with the versatile Air Box Junior. The Air Box HEPA unit eliminates 98% of all molds, mildew, spores, pollen, dust, dander, and other airborne particles down to 0.3 microns using a MERV 13 filter. The Air Box CARBON unit includes replaceable high-flow carbon filters made from 100% premium virgin coconut charcoal, enhancing filtration efficiency and air quality. Perfect for industrial, commercial, residential, indoor growing environments.

## Key Features:

- **Versatile Installation:** Accepts standard 10" ducting and can be easily hung.

- **High-Efficiency Filtration:** Removes 98% of airborne contaminants, including tiny particles down to 0.3 microns.
